

WHATS NEW

"2022" is going to be the big change year for the **CX Motorcycles**. It has received an all-new design, new engine performance. Since, the quality of the chassis is identical, the positions of the two models/chassis are entirely different, and every rider can taste the different riding styles in these bikes. More often R model have been developed for enduro and trail riding." Rounding out the package is the new front brake of **NISSIN JAPAN** that is definitely stronger and has plenty of feels."
